To use this Aphasia card, follow these folding instructions:

1. Fold along the vertical line. Make sure the printed side of the paper is facing out. Do not unfold.
2. Fold along the horizontal line, so that the image of the man is on the outside. Do not unfold.
3. Cut around the two outermost edges.

I have had a stroke, so I have difficulty speaking, reading and writing, especially under pressure.

This difficulty is called Aphasia (pronounced: uh-fay-zhuh).

For questions or in case of an emergency, please contact my caregiver.
